

SIMS School Census Spring 2024 Webinar

Welcome to the Webinar. The session will begin shortly.

Please ensure that you also have an audio connection either through a headset and microphone attached to your computer or by telephone to the published number.

You will join the session muted but there is a chat facility available where you can type questions.

SIMS SCHOOL CENSUS WORKSHOP Spring 2024

Alison York

ICT Systems
Management

INTRODUCTION

Data collection exercise which provides the Central Government with data from the schools' management information systems (MIS).

Data collected is determined by government requirements

Academic year basis (autumn, spring and summer)

Snapshot data collected for the relevant date as well as historical data for preceding periods.

Different ranges of data collected in each of the three censuses.

Funding for pupils of statutory school age is allocated based on autumn census returns

For children in the early years foundation stage (EYFS), funding is based on returns from the spring census where a wider range of data is collected.

Objectives

By the end of the session you will be able to:

- ❖ start a census return
- ❖ create and validate a return
- ❖ correct any validation errors by editing individual pupil records or by using bulk update
- ❖ authorize a return
- ❖ print detailed reports
- ❖ print a summary of the census

Collection of pupil characteristics from parents/guardians

- Whilst it is not possible for a parent/guardian to opt out of the school census collection, the following data items:

- Ethnicity
- First language
- Service child indicator

Must always be reported as declared by the parent/guardian.

- When collecting these data items from the parent/guardian, schools must ensure that they are made aware of their right to decline to provide these data items. Where they exercise this right, the information is returned in the census using the code 'refused'.

Changes to the School Census 2023/24 Return

Sex is a new data items
which is a replacement
of gender

NEW - School Time

Focus / School / School Details

School Time (inclusive of breaks and lunchtime) for a typical 5-day week

School Time is a new data item being collected from all schools but only in the Spring census. The collection was voluntary for School Census Spring 2023 but will be mandatory in Spring 2024

Where provided, the school time must total the compulsory time pupil/students spend in school, in a typical five-day week, recorded to 2 decimals and rounded to the nearest 15 minutes. i.e. from morning registration to the end of the school day (official home time). This includes breaks and lunchtime but not optional activities before or after school

For example, 32 hours and 40 minutes would be rounded to 32 hours and 45 minutes and recorded as 32.75 hours

Setting the Class Types for Nursery and Other – SIMS Demo

Early Years

Each term the school claims on behalf of the parents for the number of sessions pupils will be attending

Department for Education (DfE) requires detailed information about provision to under-fives, which is funded by the LA under the statutory guidance

DfE also requires schools to record the total number of hours that pupils spend in education provision at the school, irrespective of who funds the hours

Data is returned for all 2, 3 & 4 year olds

Funded Hours and Hours at Setting

Census	Phase & year group	Date of birth ranges	Free entitlement to funded hours
Autumn 2022	2 and 3 year olds. All relevant schools and year groups	01/09/2018 to 31/08/2020 inclusive	15 hours
	4 year olds in National Curriculum year groups E1, E2, N1 and N2 only. NB No longer applies to Reception (Year R)	01/09/2017 to 31/08/2018 inclusive	15 hours
Spring 2023	2 and 3 year olds. All relevant schools and year groups	01/09/2018 to 31/12/2020 inclusive	15 hours
	4 year olds in National Curriculum year groups E1, E2, N1 and N2 only. NB No longer applies to Reception (Year R)	01/01/2018 to 31/08/2018 inclusive	15 hours
Summer 2023	2 and 3 year olds. All relevant schools and year groups	01/09/2018 to 31/03/2021 inclusive	15 hours
	4 year olds in National Curriculum year groups E1, E2, N1 and N2 only. NB No longer applies to Reception (Year R)	01/04/2018 to 31/08/2018 inclusive	15 hours

Disability Access Fund

- Payable as a lump sum once a year and awarded to three and four year old pupils who meet the following criteria:
- In receipt of child Disability Living Allowance (DLA) and they access their entitlement to free early learning and childcare, e.g. funded hours.
- Disability Access Fund data is collected in this return for pupils who are in receipt of the fund on census day.

Census	Date of birth ranges and Phase & year group
Autumn 2022	3 year olds born between 01/09/2018 and 31/08/2019 (inclusive) for all relevant schools and year groups
	4 year olds born between 01/09/2017 and 31/08/2018 (inclusive) for pupils in national curriculum year groups E1, E2, N1 and N2 only.
Spring 2023	3 year olds born between 01/09/2018 and 31/12/2019 (inclusive) for all relevant schools and year groups
	4 year olds born between 01/01/2018 and 31/08/2018 (inclusive) for pupils in national curriculum year groups E1, E2, N1 and N2 only.
Summer 2023	3 year olds born between 01/09/2018 and 31/03/2020 (inclusive) for all relevant schools and year groups
	4 year olds born between 01/04/2018 and 31/08/2018 (inclusive) for pupils in national curriculum year groups E1, E2, N1 and N2 only.

Extended Funded Hours and 30 Hour Code

The 11 digit **30 Hour Code** and the number of extended funded hours are collected in this return for the week in which the census day falls.

Number of hours in addition to the initial 15 funded hours that a child receives and is applicable to three and four year old pupils only.

Can double the original 15 hours of free child care to 30 hours a week, provided that the following criteria are met:

Parents who meet the extended funded hours criteria must obtain a code from the Tax Office (HM Revenue & Customs), then provide it to the school, together with other details, to confirm their eligibility for extended child care hours.

Both parents must be working (or the sole parent is working in a lone parent family) and live in England.

Each parent earns, on average, a weekly minimum equivalent to 16 hours at National Minimum Wage or National Living Wage.

Each parent must have an annual income of less than the specified amount.

Extended Funded Hours information provided by the DfE can be found on their website <https://www.gov.uk/government/publications/30-hours-free-childcare-la-and-early-years-provider-guide>

NOTE:

- Pupils **aged 4** at the start of the academic year in reception and above are funded as full time equivalent pupils via the schools block of the dedicated schools grant and therefore funded hours are not relevant for those pupils as they are not funded via the free entitlement.
- For **dual registered** pupils, record the funded hours spent in education at each school. The main registration records funded hours in education at the main registration, with the subsidiary recording funded hours in education at the subsidiary registration.

Free school meals eligibility

Start date, end date and country in UK for of each period of free school meals eligibility must be included, where start date is on or before the census day and the end date is either not present or after the previous census day

In principle this has not changed in recent years, but in practice the introduction of universal credit protection means that in the vast majority of cases a maximum of one period of FSM eligibility will be included and that will not have an end data. The exceptions to this general rule are described in the [DfE's School Census Guide](#)

Free school meals

This is one of the areas that determine on going funding; specifically, the **Deprivation** element of **Pupil Premium** is determined by a student's inclusion in **Free School Meals** over a specified period. Therefore, it is important that you double check student **Free School Meal** details and eligibility.

Pupil **Free School Meal** statuses will be retrieved in the **Spring 2024 Census**

Free school meals taken on census day

- **Number of free meals taken on spring census day excluding any meals taken by children only because they are entitled to universal infant free schools meals.**
- Only meals that are actually handed to the child should be counted, but there is no need to check that the meal is actually eaten.
- A pupil should be included if they are eligible for FSM (based on deprivation), regardless of whether they are entitled to universal infant free school meals (normally based on being taught in year R, 1 or 2).
- A pupil should NOT be included if they are NOT eligible for FSM, even if they are entitled to universal infant free school meals.

Alternative Provision

Focus | Pupil (or Student) | Pupil (or Student) Details

Routines | Statutory Return | School Census

NOTE: the School Arranged Alternative Provision Placements table within the Registration Panel of *Focus | Pupil/Student | Pupil/Student Details* allows schools to enter all identification data for an alternative provision placement. However, the school census application will apply the DfE's 'hierarchy' to identify placements

- ❖ Include just URN if present.
- ❖ Include just UKPRN if present and URN is not present.
- ❖ Include just reason, company number and postcode if they are present and neither URN nor UKPRN is present.

The screenshot displays the SIMS .net software interface for Green Abbey School. The main window shows the 'Student Details: Stan Ackton' page, with the 'Registration' tab selected. The 'Registration' panel includes fields for Registration Group (8E), Year Group (Year 8), Enrolment Status (Single Registration), Admission Date (02/09/2021), Former UPN, UPN (C823299913004), Unique Learner Number (5142373617), UCI, and Part Time Details. A purple box highlights the 'School Arranged Alternative Provision Placements' label in the bottom left of the registration panel. An 'Add/Edit Alternative Provision Placements' dialog box is open in the foreground, containing the following fields: Start Date (01/11/2022), End Date, Description (McDonald's), AP URN, AP UKPRN, AP Setting (Work based placement), Companies House No (0100276), AP Postcode (MK40 1RN), AP Reason (for behavioural support), AP Attendance (Part Time), AP Sessions (4), and Notes. The dialog box has 'OK' and 'Cancel' buttons at the bottom.

Summary Report

Produces a summary of what is included in the return.

This can be produced at any point but the Create & Validate routine should always have been performed first.

Detail Reports

It is strongly recommended that you check all detail reports for accuracy of the data collected before you move on to summarise and authorise the return.

The census being run will determine the reports available from the following list.

- On Roll Basic Details Report

SIMS Demo

Childcare
Spring
Return Only

Childcare details must be provided for each of the four types of childcare

The school must provide an answer to whether there is on-site provision (and any subsequent information) and whether the school signposts off-site provision for each of the four types of childcare

The minimum return from a school which does not provide on-site childcare and also does not signpost off-site provision would be: for each type of childcare a 'NO' for on-site and an 'N' for signposting

The DfE definition of Under Fives Childcare is a service that parents can use for at least nine hours a day if they choose to. This does not include provision which is only available during school hours or where children can only attend for a morning or afternoon session

 Open

A large group of fluffy yellow chicks are gathered in a wooden bowl. The chicks are in various poses, some looking towards the camera, others looking away. The background is filled with more chicks, creating a sense of a large group. The lighting is warm and soft, highlighting the texture of the chicks' feathers.

Basis for Early Years Pupil Premium Funding (spring return only)

EYPP (early years pupil premium funding) is additional funding for early years settings to help improve the education provided for disadvantaged three and four-year olds. Children become eligible for EYPP from the term following their third birthday and retain it until they move into Reception when they become eligible for the mainstream pupil premium

Two-Year-Old Basis for Funding

The **Two-Year-Old Basis for Funding** grid (located in the **Early Years** panel) enables schools to enter the basis of funding for each pupil.

Name	Date of Birth	AdNo.	YTI	Reg	Economic Criteria	High level SEN or Disability	Looked After or Adopted From Care

FUNDING

Funding and Monitoring (FAM)

Funding and Monitoring (FAM)

- ❖ All schools (except nursery) with appropriate year groups or age ranges need to submit this information.
- ❖ Data collected in the learner funding and monitoring section is used to identify additional attributes of the learner to inform funding or for additional monitoring.
- ❖ Data items should only be entered into systems and returned to DfE if any of the attributes apply to the pupil.
- ❖ Data items are to be returned for pupils who are either on roll on census day or became off roll since the start of the academic year.
- ❖ In the academic year 2023 to 2024, any tuition provided via the:
 - ❖ National Tutoring Programme
 - ❖ School-led tutoring
 - ❖ tuition partners
 - ❖ academic mentors

Funding and Monitoring (FAM)

- ❖ DfE will collect the cumulative total number of hours the pupil has received of school-led tutoring as at each census day, in decimals to the nearest 0.5.
- ❖ Where a pupil is dually registered, only enter the number of hours the pupil has received in your school.

Reporting tutoring and cumulative hours in Funding and Monitoring

If pupils are likely to be in the position where the school **intends** to provide 'tutoring' before the end of the academic year, but has **no cumulative hours** to report for School Census Autumn or Spring then 'tutoring' should not be ticked.

Reporting 'tutoring' for a pupil with no cumulative hours reported will trigger a DfE validation error.

FUNDING

FAM SIMS DEMO

The Selected Time

Details are required of all classes running at the selected time on the spring census day (19th January 2023).

The selected time is based on the **last** digit of a school's DfE establishment number as follows:

Please note the times in the documentation are incorrect.
The following is taken from the DfE website

Last digit of your departmental number	Selected time
0, 1 or 5	The selected time is one hour after the start of morning school
2, 3 or 6	The selected time is one hour before the end of morning school
4, 7, 8 or 9	The selected time is one hour after the start of afternoon school

The Selected Time

Where the selected time is not appropriate to the school timetable, for example, where the selected time is when the whole school or a large proportion of the school is in an assembly with the head teacher; schools can choose an hour / period that reflects a 'normal' class situation that applies at the selected time each Thursday of the term.

Do not record unusual situations (such as class amalgamation or school closure) which may have occurred on census day due, for example, to staff training or absence, severe weather conditions or religious observances.

Any group of pupils receiving instruction outside the normal class framework at the selected time, including pupils in a SEN unit or special class, are treated as a separate 'class as taught' unless this is an atypical or temporary arrangement.

The Selected Time

The DfE guidance notes state that schools with infant classes (Reception and Key Stage 1) should ensure that the selected period is one in which their infant classes are engaged in an ordinary teaching session. This does not include assembly, or any other activity usually conducted in large groups of children, such as P.E., music, singing, drama, watching TV and listening to the radio.

The Selected Time

Secondary Schools Only

2 Selected Period on Census Day

Reference Date

20/01/2022

The census will assume that students below this YTI are taught in registration group

YTI when timetabled classes begin

Curriculum Year 7

Selected Period

Period Name

Include Alternative Curriculum

The Selected Time

Secondary Schools Only

For example, a school's establishment number is 4265. The last digit of the DfE establishment number is 5 so select the period one hour/period after the start of afternoon school on census day.

The school has six teaching periods per day - four in the morning, two in the afternoon and a one-week timetable.

The selected period in this school would be Thursday 5 which is chosen from the drop-down list.

Advance notice for Summer 2024 Census

The summer term school census is normally the simplest school census of the academic year, as it doesn't normally contain any new elements that have not already been introduced for the preceding school censuses of the academic year. However, for schools that cater for early years children there are two important changes related to DfE funding coming in

Advance notice for Summer 2024 Census

1. 'Expanded' DfE funding for early years

- School Census Summer 2024 is the first school census where data will be collected that includes children receiving the 'expanded' DfE funding of early years.
- ESS will provide more details of how the relevant areas of SIMS will be modified to cater for reporting of the 'expanded' DfE funding, but at this early stage ESS would just like to remind colleagues that although the 'expanded' funding will eventually include children as young as 9 months, they understand that schools aren't allowed to admit children below the age of 2.

Advance notice for Summer 2024 Census

2. Two-year-old basis for funding

- Previously, two-year-old basis for funding was only collected on a yearly basis via School Census Spring. However, starting with School Census Summer 2024, two year old basis for funding will be collected on a termly basis via each of the three School Censuses of the academic year.
