School Workforce Census – 2023 Return

Extract from DfE School Workforce Census Guide 2023

3.2.1. Collection date falling on a school holiday

Where the return date falls on a school holiday, data suppliers should base their snapshot data on the next working day, where practicable. For example, counts of occasional teachers and of third party support staff should be based on the next working day, curriculum data should be based on a typical week (see section 7.4, especially 7.4.2).

For those schools that access the department's on-line data collection facility (COLLECT) directly, the blade (or census specific loading and validation platform within COLLECT) for the [school workforce census](#) will be available from the Census day onwards on the live site. For more information on COLLECT, see sections 5.

Changes since School Workforce Census 2022

CHANGES

- New category of School Business Professional (SBP) for reporting workforce data in SWC 2023
- New SWC post of School Business Profession (SBP) has been added
- A further set of qualifications is included in the subject code set for use with SBP
- New data item for membership of the Senior Leadership Team has been added and is collected for all categories.

Staff Categories

DfE Guidance states -

Support staff based in the classroom for learning and pupil support must be assigned the post of **Teaching Assistant**. Examples include Higher Level Teaching Assistants (HLTA), Teaching Assistants (TA), special needs support staff, minority ethnic support staff and bilingual assistants.

'Support Staff' are split into three categories. These are '**School Business Professional**', '**Leadership - non Teacher**' and '**Other Support Staff**'. Schools and local authorities are not expected to return the Qualification or Additional Payment modules for 'Other Support Staff'.

'**School Business Professional**' refers to staff is expected to include staff with the roles of 'Bursar', 'Business Manager', 'Finance Officer', 'Office Manager', 'Premises Manager' or 'ICT Network Manager'

'**Leadership non-teacher**' refers to any member of staff, not reported in a teaching post, who is part of the school's Senior Leadership Team (SLT) or has other formal leadership responsibilities. This includes, but is not limited to, staff with school business responsibilities, for example, finance, operations, HR and other support staff formally recognised in leadership posts.

Which members of staff should be classified as **SBP** (School Business Professions)?

The DfE validation 'rules' can be instructive for understand what the DfE has in mind

DfE validation errors 4589 and 4605 make is very clear that a teacher cannot be a SBP.

- Error 4589: Leaving Reason of 'No longer teaching but still in education' or 'Left the teaching profession' is invalid for School Business Professionals.
- Error 4605: Origin of 'First employment in teaching' is invalid for School Business Professionals.

DfE validation query 6560Q indicates that a SBP might well be a member of the SLT (Senior Leadership Team).

- Query 6560Q: The school has School Business Professionals, but none are on the SLT. Please check and confirm this is correct.

DfE validation query 6570Q indicates that a SBP is likely to have one or more qualifications to report and these are likely to be at level 3 and above, given that the qualifications added by the DfE for SBP are at levels 3 to 7.

- Query 6570Q: No qualifications are recorded for staff with post of 'School Business Professional'. Please check and confirm this is correct.

SIMS will **default** the post to **SBP** where the **existing** post is **one** of 'Leadership Non-Teacher' or 'Other Support Staff' **and** one of the **roles** for that Post is 'Bursar', 'Business Manager', 'Finance Officer', 'Office Manager', 'Premises Manager' or 'ICT Network Manager'.

Schools will be able to manually edit the field but validation rules in School Workforce Census will block the use of SBP Post with Teaching Assistant or Teaching roles.

'SBP - School Business Professions' added as a lookup for 'Service Term - SWR Post'.

The screenshot shows the SIMS .net interface for Green Abbey School. The main window title is 'SIMS .net: Green Abbey School'. The menu bar includes Focus, Reports, Routines, Tools, Window, and Help. The toolbar contains various navigation and action icons. Below the toolbar, there is a 'Find Lookup Type' section with buttons for New, Search, Open, Delete, Print, Browse, Next, and Previous. The main content area is titled 'Lookup Type Details: Service Term - SWR Post'. It has sub-sections for 'Basic Details' and 'Values'. The 'Basic Details' section shows the following fields:

Description	Service Term - SWR Post
Data Area	Staff
Mode	Statutory (Fixed)

The 'Values' section contains a table with the following data:

Schools for which Data will need to be submitted in the School Workforce Census

- The 2023 school workforce census covers publicly funded English schools and includes community, foundation, voluntary aided and voluntary controlled schools as well as academies, including AP academies (alternative provision academies) and free schools, maintained nursery schools
- The following types of establishment must return the school workforce census:
 - primary schools
 - secondary schools
 - maintained nursery schools
 - maintained special schools
 - pupil referral units
 - Academies (including free schools, studio schools, UTCs and Alternative Provision academies).
 - City Technology Colleges.

“The submission of the school workforce census return, including a set of individual staff records, is a statutory requirement on schools and LAs by virtue of regulations SI2007/1264 and amendment SI2009/2266 made under sections 113 and 114 of the Education Act 2005.”

Which Staff are included in the SWC?

- ▶ Full and part-time teachers, teaching assistants and other support staff that are employed by schools including PRUs.
- ▶ “Teacher” comprises:
 - ▶ those teachers who are employed directly by a school whether they have QTS (or QTLS or EYTS) or not
 - ▶ agency/service agreement teachers working within a school in a post that would normally be filled by a teacher employed by the school
- ▶ Note – if analysis of supply teachers is published in future any teachers on a fixed term contract of less than 12 months duration will be regarded as supply teachers

“Teaching assistants” is comprised of support staff based in the classroom for learning and pupil support, for example HLTAs, teaching assistants, special needs support staff, nursery officers/assistants, minority ethnic pupils support staff and bilingual assistants.

“Other support staff” is comprised of support staff that are not classroom based, for examples matrons/nurses/medical staff, librarians, IT technicians, technicians, administrative officers/secretaries, bursars and other administration/clerical staff, premises and catering staff.

School Business Professionals, schools are asked to record School Business Professional under a new post. This will include people previously listed as ‘Leadership – Non Teacher’.

Further details about staff for whom school workforce (individual) and school level (headcount) data is required is given in the DfE Guidance.

Staff for whom School Workforce Level Data is required

Teachers and Support Staff who work for schools, including PRUs, if they are in regular service with current contract or service agreement at Census Reference Date

Staff who are no longer employed by the school/LA but who were in regular service during the previous academic year –
1 September 2022 to 31 August 2023

Staff are said to be in regular service if they have completed service of 28 days or more with the school, or are expected to do so, before the end of their contract or service agreement.

The following (if they are in regular service) are examples of those for whom school workforce level data should be returned:

Teachers employed by the school, both with and without QTS, EYTS or QTLS

Support staff employed directly by the school

Teachers working at the school who have been supplied by an agency or LA if the LA is acting like a supply agency

Staff on paid or unpaid absence, whether long or short term

Teachers on the School Direct (salaried) programme, the Overseas Trained Teacher Programme (OTTP) and the Teach First programme

School Workforce Level Data *does not* need to be Returned for the Following:

Temporary staff with service of less than 28 days and who are not expected to complete service of 28 days or more

Casual staff without contracts employed on an ad hoc basis.

PGCE students on teaching practice.

Trainee teachers on a School-Centred Initial Teacher Training (SCITT) programme.

School Workforce Level Data *does not* need to be Returned for the Following:

Staff working in extended school service provision, for example, breakfast and after school clubs, sure start and children's centres. Note that staff engaged in the normal running of the school, such as cleaners, should be included regardless of when they work, for example, before, after, or during the normal school day

Staff employed by the LA that provide support to schools, for example, peripatetic music teachers, advisory teachers, educational psychologists, educational welfare officers (information on these will be submitted by the LA)

School Workforce Level Data *does not* need to be Returned for the Following:

Teachers only engaged in the one to one tuition programme

Governors and voluntary staff

Staff for whom there is no role identifier code that equates to the function they carry out, for example, clerk to governors, school crossing patrol staff and school improvement partners

Staff whose contracts finished prior to 1 September 2022

If a member of staff works at two establishments, one which is in scope for the school workforce census and one which is not, then information should be returned for their activity which falls within scope of the school workforce census only

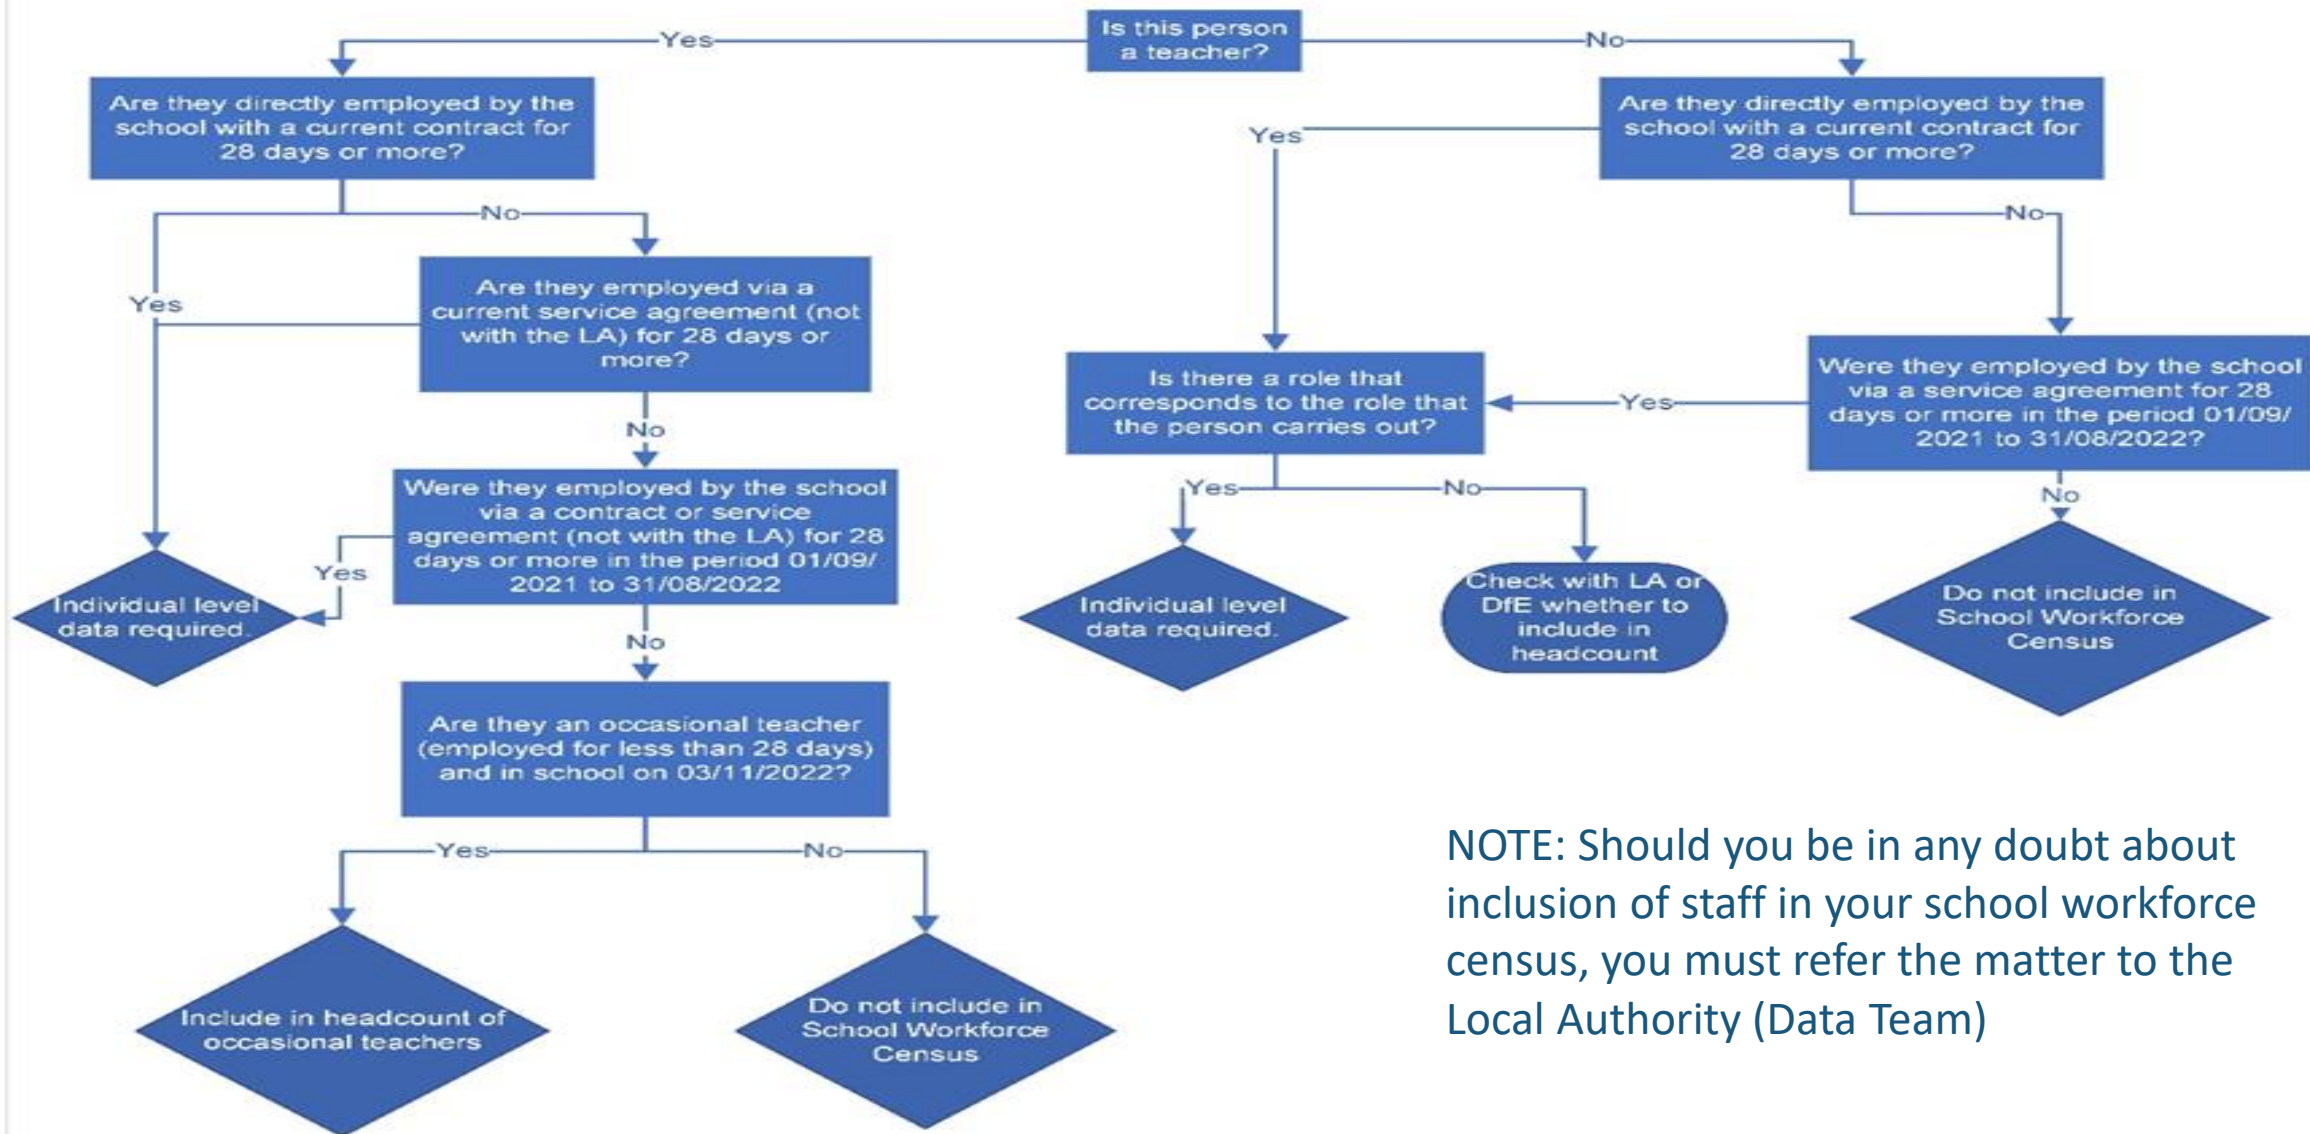

- ❖ For example, a nursery assistant might work at a Sure Start centre and a maintained nursery and school workforce level data would need to be returned for the portion of time they are working in the maintained nursery only

Staff for whom School Level Data is required

School level (headcount) rather than school workforce (individual) level data is required for the following two groups of staff:

- supply teachers that have a contract or are employed under a service agreement, with a school for less than 28 days (occasional teachers) and are in school on the Census day
- support staff not employed directly by the school or the LA (third party support staff), for example teaching assistants, contract cleaners, nurses employed by the PCT, outsourced IT technicians and are in school on the Census day

Flow diagram to assist schools in deciding which staff to include in the School Workforce Census

NOTE: Should you be in any doubt about inclusion of staff in your school workforce census, you must refer the matter to the Local Authority (Data Team)

Data Protection and Security

Legal duties under the General Data Protection Regulation: Data Security

Schools and local authorities have a (legal) duty under the General Data Protection Regulation to ensure that any personal data they process is handled and stored securely. Further information on data security is available from the Information Commissioners Office.

It is vital that all staff with access to personal data understand the importance of protecting it, that they are familiar with your security policy, and that they put security procedures into practice.

Fileset 2505

This file is *suitable* for
authorising this return

Known Issues

- ▶ **Issue:**
- ▶ Working days lost for an absence between zero and half a day is being reported as zero in the census return file, which triggers DfE validation error 4990 (SWC England)
 - ▶ **Validation error 4990:** Where Last Day of a sickness absence is provided then the number of Working Days Lost must be greater than zero.
- ▶ SIMS calculates workdays lost for an absence between zero and half a day as zero. This was fine they were preventing working days lost of zero being reported in the census, but now that it reports zero working days lost in the census return, they must use another method for ensure that absence between zero and half a day is not reported.
- ▶ **Solution:**
- ▶ Instead of relying on rounding down to exclude fractions of a day that must not be reported in the census, they will provide a fix to directly exclude them from being reported in the census.

Consolidated Database Patch 4

- ▶ ESS expect to be able to provide this consolidated database patch before the end of this week (week beginning the 16th of October).
- ▶ We will release this to schools as soon as it is received.
 - ▶ It will update the server
 - ▶ Machines are not affected and do not need to be on.
 - ▶ Academy schools where IT manage your system, please make them aware of this

Known Issues

- ▶ **Issue:**

- ▶ Database aspect of updating the list of staff leaver destination codes and descriptions (**SWC England**)
 - ▶ The DfE's final version of the contract leaver destination code and description changes is in line with neither the DfE validation nor the lookup changes ESS made in CDP (Consolidated Database Patch) 2 to 4.

- ▶ **Solution:**

- ▶ They will provide the lookup changes via CDP 5 and the DfE validation file changes via Fileset 2506. The releases will be co-ordinated, and they recommend that CDP 5 is applied shortly before Fileset 2506 is imported.
- ▶ Applying CDP 5 will bring the list of lookups for contract leaver destination in line with the DfE's CBDS list.

Consolidated Database Patch 5

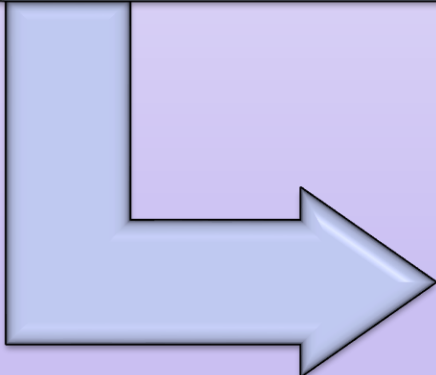

- ▶ Not yet available - as soon as possible after CDP 4 has been made available
- ▶ We will release this to schools as soon as it is received.
 - ▶ It will update the server
 - ▶ Machines are not affected and do not need to be on.

EXCLUDING INFORMATION

Workforce members and all their details can be excluded from the Census by removing the tick from

Eligible for SWR in the Basic Details panel of **Focus | Person | Staff**.

The screenshot shows the SIMS .net software interface for 'Dinner Primary School'. The main window displays the 'Employee Details: Jane ABBOTT' form. The 'Basic Details' section is active, showing fields for Title (Ms), Legal Forename (Jane), Middle Name(s), Legal Surname (ABBOTT), Preferred Forename (Jane), and Preferred Surname (ABBOTT). The 'Eligible for SWR' checkbox is checked and highlighted with a red box. A 'Photograph' section is visible on the right, showing a 'No Photo' placeholder with a 'TEMPEST PHOTOGRAPHY' logo and contact information. The interface includes a menu bar (Focus, Reports, Routines, Tools, Window, Help) and a toolbar with various icons.

EXCLUDING ONE CONTRACT

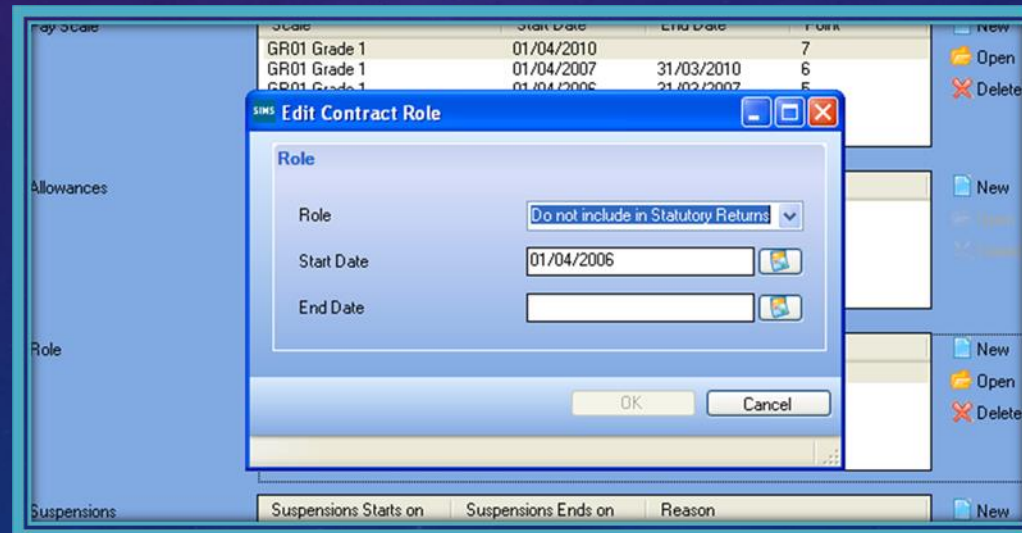

A Staff contract can be excluded from the census by adding a role of “Do Not Include in Statutory Returns” for the contract in the Employment Details panel of Focus | Person | Staff

The other roles for the excluded contract can be left in place and will be excluded from this Census

The Other contracts for this person will be included

Reminder - Secondary Schools - Cover

N.B.

- ▶ Where cover is used any supply staff will automatically have a service agreement set up in Personnel
- ▶ This record must be edited to comply with SWC if it is for more than 28 days
- ▶ Service agreements of less than 28 days can be omitted by selecting 'Do not include in Statutory Returns'

Questions

Thank You!

The image features the words "Thank You!" rendered in a bold, blue, 3D sans-serif font. The letters are thick and have a slight shadow on their top surfaces, giving them a three-dimensional appearance. They are placed on a light-colored, reflective surface that creates soft, blurred reflections of the text. A bright, circular spotlight illuminates the text from above, creating a gradient of light from the center to the edges of the frame. The overall composition is clean and professional.
